GBLC-PRIMER

A primer compatible with GBLC01 Self Smoothing Compound, & GBTA Tile Adhesive.

GENERAL DESCRIPTION.

A specially formulated primer for use as a surface preparation to increase bonding for OPC and Gypsum based floors. **GBLC-PRIMER** is especially effective in preparing the floors to accept **GBLC01** & **GBTA**. Improves floor/topping interface bonding.

APPLICATION;

Apply by roller in an even coat, do not allow product to form pools.

PRODUCT ADVANTAGES

- Easy and Quick to apply
- Compatible with Gypsum based screeds
- Non Flammable
- Low odour
- Fast Drying
- High Bond Strength
- Solvent Free
- Can be applied early (up to 85%RH)

COVERAGE.

2m² – 7m² per litre per coat depending on substrate porosity.
